Lecture Notes

<u>Notes</u>

- Fill out the grid from left to right (by rows) or from top to bottom (by columns).
- I recommend going from left to right across a row because it is more intuitive.

×	2	12	3	6	9
3					
2					
4					
6					
9					

- Multiply starting at the top row, going left to right.
 - First we find: 3×2 .
 - Then we find: 3×12 , etc.

×	9	8	3	12	4
12					
7					
8					
6					
4					

×	10	5	3	11	7
5					
3					
7					
2					
<mark>1</mark> 1
